Reflects Increase In Area Population As Industry Moves In

The historic old Blue Church, four miles west of Prescott on Highway No. 2, will return to duties the original edifice served part time as the Augusta Township Area School Board has completed arrangements with the Rector and Wardens of St. John's Anglican Church, Prescott, to rent the building for use as a classroom to take care of an overflow of pupils from the Blue Church School, S.S. No. 1, Augusta, just across the County Highway.

The original Blue Church was built through the efforts of the pioneering Church of England clergyman, Rev. Robert Blakey. The first building was destroyed by fire, and a second was built in 1809. In 1845 the present Blue Church was erected, with timbers and other materials from the second building being used in the construction.

For some years the church has been unused except for annual memorial services, and the church and property was placed in the care of the rector and wardens of St. John's Anglican Church.

Heavy Enrolment

When school re-opened for the Fall term on September 2nd, 52 pupils enrolled, although there was seating capacity for less than 40, Willard Shannon, of the Area Board told The Journal.

Installation of seats and blackboards and other equipment is being rushed by the Area Board and as soon as this is complete Mrs. James Brooks of Prescott, who started the term as teacher in the Blue Church School, will move into the church with Grades 5, 6 and 7. There are no Grade 8 pupils in the school this year. Miss Beverley Morris, whose position as junior grade teacher at Roebuck has been taken over by Mrs. Willis Drummond at Roebuck, is assisting in handling the large enrolment, and she will remain in the school with the junior pupils.

Plans call for moving 10 pupils from S. S. No. 2 "Haley's School", on the 2nd Concession, northwest of the new C-I-L Matiland Works, to the Blue Church School to relieve overcrowding there where 35 pupils are registered and there is seating capacity for 25. This will bring the enrolment at the Blue Church classrooms to 62.

In the preparation of the arrangements for leasing the Blue Church as a classroom, the Church reserves the right to hold religious services should the continuing increase in population require the re-opening of the Blue Church.

New Churchill School

Temporary arrangements will obtain until the Churchill School on the Connell sub-division is ready for use. Grades 7 and 8 from Brundiges will be transported by the Tanney bus to the new school at Maitland. Grades 7 and 8 from Union Grove, all children belonging to school section No. 12 and Grades 7 and 8 from Domville will go by Tanney's bus to the old school at Maitland, where Mrs. Elsie Simpson will teach. Grades 5 to 8 belonging to the Blue Church will go by Johnston's bus to the new school at Maitland. Grades 1 to 4 will attend the Blue Church school with Mrs. Evelyn Brooks and Mrs. Grace Greer as teachers. All the children listed above will attend the Churchill school when it is opened.

Frank Turnbull will teach at S.S. No. 2, Haley's School until the Churchill school is opened, when these students will be transported to the new school at Maitland. Haley's school will be removed by the construction of the No. 401 Highway.

Grades 7 and 8 from Algonquin will attend school at the new school at Maitland, being transported by Alvin Throop.

Grade 4 from North Augusta will be taken by Gardiner's bus to Herron's school.

All these changes are made necessary by the greatly increased enrollment and the Board asks for the co-operation of all those involved in order that the best possible education may be obtained for the children of the township.

OLD SCHOOL SOLD BY AUGUSTA BOARD; PLAN FIELD DAY

Tenders for the purchase of the old Perrin School property were opened at the May meeting of the Augusta Township School Area Board, and the highest tender of E. W. Wylie for \$700.00 was accepted by the Board. This school has been closed for a number of years. The children attend the modern Churchill school, travelling by the Tanney bus.

A field day for the children of Augusta township is to be held at the Churchill school on Tuesday, May 29th. The Board feels that, especially in the one room schools, the children are denied the valuable training in citizenship provided by competitive sports, and a notice is to be sent to the teachers requesting them to co-operate in every way possible to make this field day a success.

The Board also went on record as recognizing the value to the children of an educational tour each year. These trips, usually by bus, are financed either by funds raised by the children at Christmas concerts, etc., or by the children paying their own fares.

Contracts for next term were awarded to Mrs. Martha Collier and Miss Elaine Empey, and the resignation of Lynn Evans was accepted. The report of the truant officer was studied with interest.

Minutes and accounts were accepted as read, and routine business was conducted. Willard Shannon, Chairman of the Board, conducted the meeting which was attended by all trustees, Mrs. Florence Keys, G. H. Bennett, Norman Mackey and W. L. Matthie.

ny at funeral don Young, 69, ular inspector

123

A tribute was paid the day of popular school inspector, Gordon Young, of Brockville who died very unexpectedly at noon, February 3, at the age of 69 years. Mr. Young had been widely associated with community service, particularly the work for retarded children and the rotary pool. He had been in Brockville since 1949.

His remains rested at the Gordon Funeral Home, 68 King Street East, and on Sunday evening a very largely attended funeral service was held at 2 o'clock by Sussex Masonic Lodge, No. 5.

The funeral service was held on a Friday afternoon at Wall Street United Church at two o'clock, with Dan D. Gaynor officiating. A large number of mourners attended and there was a profusion of tributes and messages of sympathy attesting to the high regard in which he was held. The sorrow felt at his sudden passing.

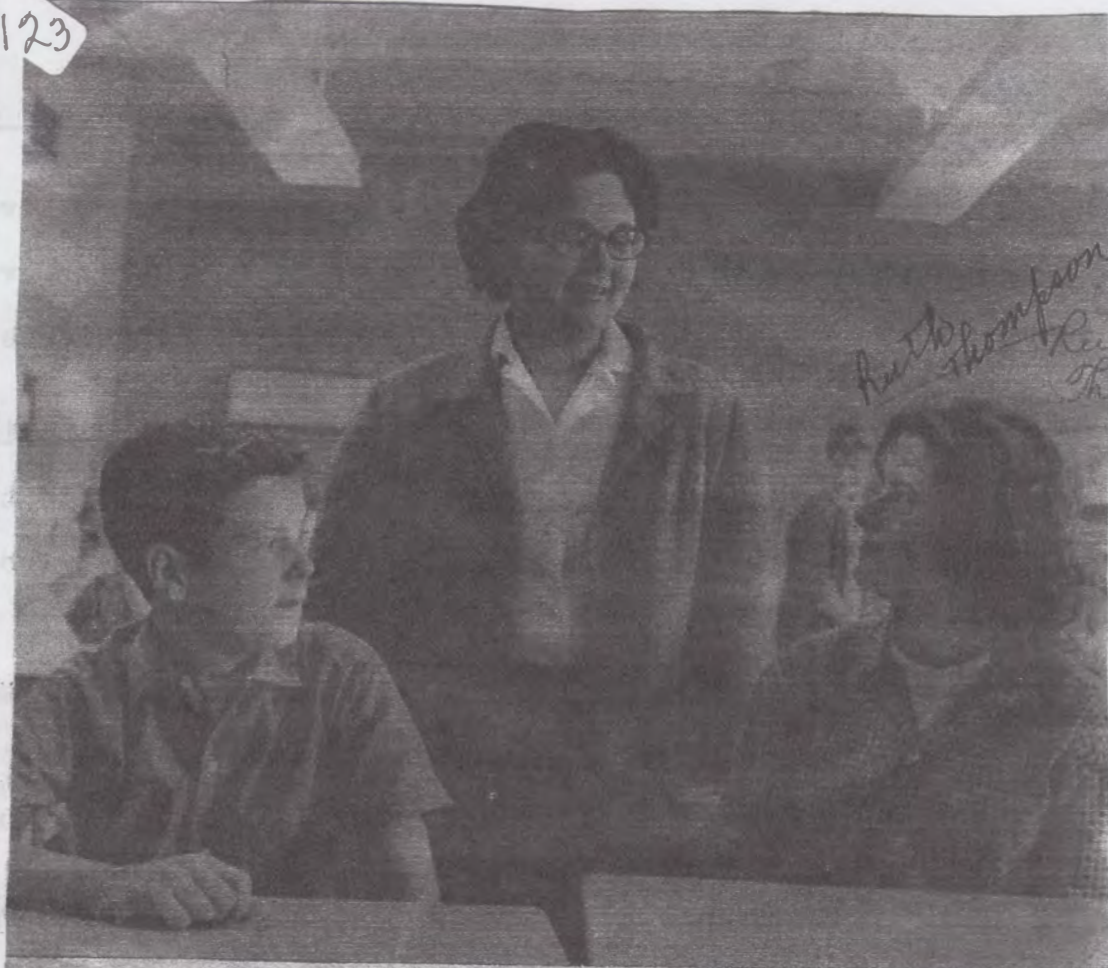

Among those attending the service were the Elizabethtown School Board and Elizabethtown members in a body; the Brockville Rotary Club in a body, former guard of honor at the school entrance; representatives from the Brockville school and local public school teaching staff; a large representation from the Masonic Order as well as from the various organizations.

Honorary pallbearers were Harold Knisley, William Vanderburgh, John Crampton, Frank Thom, Harworthson, Charles Timanus, A. Thompson and Donald Fergus.

Active bearers were George Eland, Lloyd Co-Jerry Hackett, W. B. George Albert Barr.

The committal service was in the Albert Gilmour Memorial Chapel with Mr. Gaynor officiating and interment followed immediately in Oakland cemetery.

Among the relatives attending from a distance were Mr. and Mrs. Rodney Keegan, of Prescott; Mr. and Mrs. Murray Wilton of Napanee; Mr. and Mrs. Ferguson and family, of Cornwall; Mr. and Mrs. Bert McGee, of Ridgetown; Dr. and Mrs. Bruce Young, of Kingston; and Mrs. John Young, of Chatham, Ill.; Mr. and Mrs. Thomas McGee, of Eden Grove, Ont.; Mrs. Young of Ancaster; Mrs. Frances Barwick, of Genieve; Mrs. James Cullen, of Chatham; and Harold Loughleen of Toronto, as well as many representatives from the Department of Education, Toronto, and delegates from various districts throughout the province.

Augusta Area Board Plans 4-Room School

Tentative approval has been granted the August Township School Area Board by the Township Council for the erection of a new four-roomed school on the Connell sub-division west of Prescott. Following approval by the Municipal Board, an architect will be consulted and tenders will be called at the earliest possible date.

The site is several hundred feet from the highway on a tract partly donated by Ernest Connell and partly under option by the Township Council. The drive-in to it will lead to the Mervin Lane. At the present time all Grades 1 and 2 of the children belonging in the Blue Church are attending school in Maitland. A number of houses are being erected on the Connell sub-division, and a D.V.A. housing project is planned north of the railway line on the Mervin Lane. The new school will also take care of the four senior grades in the Brundige school, where over-crowding exists.

A survey has been taken in the schools in the district of the pre-school children, and approval was granted by the Department of Education for the four-room school when the results of the survey were sent to Toronto.

All members of the Township Council were present at the meeting called by the School Board in the new Maitland Public School. The Council members expressed approval of the Maitland School which was opened for use on March 21st. Mr. Holmes, Inspector of Public Schools for Grenville County, explained the overcrowding in the schools in the south of the township at the present time and the effect the large number of pre-school children would have on the situation in the next few years. The Council members were most co-operative and, after a brief meeting in another room, returned to the School Board with a motion giving tentative approval to the building of the new school.

Framework of the school is of steel, and the floors are of reinforced steel. The roof deck is made up of two inches of wood with insulation and a 20-year bonded finish. Providing sewage disposal is a septic tank and disposal bed on the north side of the property. A "dry well" on the south side takes care of drainage from the roof.

A "map rail" along the top of the main blackboard permits the hanging by special hooks of the charts and maps used by the teacher. Each classroom has open wardrobes at the rear, and a ventilating arrangement with the main fan draws off any dampness so that the clothing is dry when the pupils are ready for home.

Complete with new furniture, the new classrooms are a vast improvement over the old one-room schools used for years, and teachers and pupils will benefit in health and learning.

The opening of Churchill School marks the second school to be built and opened by the Augusta township board in the past year. After a quarter of a century of marking time, township school officials found themselves suddenly swamped with children of public school age. Industry coming into the area, mainly Du Pont and RCA Victor, brought many

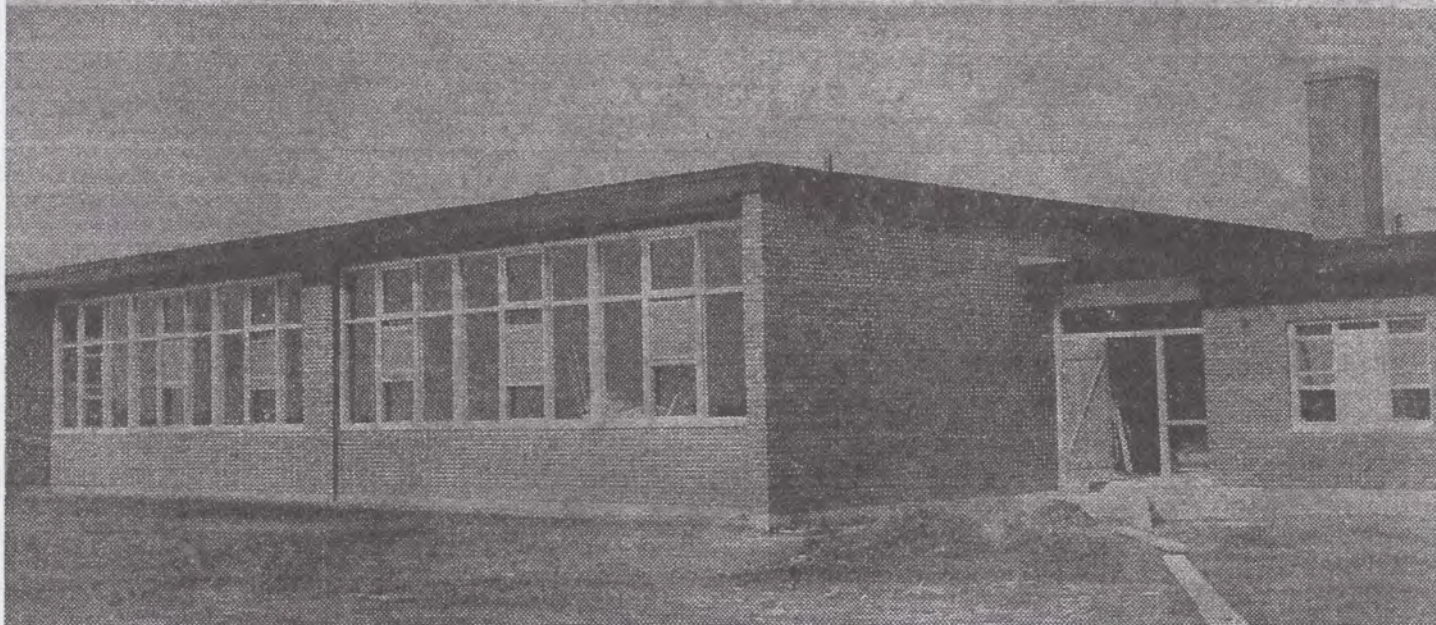

new residents, and immigration from Europe following World War II saw many new families take up residence in the area.

As an illustration of the school population growth, there are now over 40 pupils in the first four grades in Brundige's School, SS No. 7, north of Prescott. Pupils in grade five to eight will be transported to the new Churchill School; as will those of grades six to eight from Domville, and all the pupils of Perrin's School, SS No. 12. These pupils had been taken to the Union Grove School, but this building is now overcrowded.

The opening of Churchill School witnesses also the closing of three old school buildings in the township. The old Blue Church School, SS No. 1, has been unsatisfactory from a health standpoint according to the standards of the Leeds and Grenville Health Unit; Haley's, SS No. 2, has been taken over by the Ontario Department of Highways for the building of the new superhighway 401; and the old stone school at Maitland has taken care of its last pupils.

Frank Turnbull who hails from the West and who taught in Haley's School from September, in the principal of Churchill School, his pupils coming with him to the new school. He will teach grades 7 and 8. Mrs. Grace Greer and Mrs. Evelyn Brooks, who have taught the Primary and grades 3 and 4 respectively at the Blue Church since September, will teach the same classes in Churchill, and Mrs. Elsie Simpson from the old Maitland School to take over grades 5 and 6. It is expected the opening registration will be about 125.

en New \$80,000 Prescott Area School

Augusta township officials this week put into use their new \$80,000 school on Merwin Lane, in the Connell subdivision just west of Prescott. Known as Churchill school in honor of Sir Winston Churchill, it will accommodate 125 pupils from Blue Church school, Haley's school and the old school at Maitland, all of which will be closed. The contractor, F. Saunders Ltd., of Prescott, turned the school over to the area school board last week. The four-roomed school is located on four acres

of land half a mile north of No. 2 highway and adjacent to Merwin Lane. Principal is Frank Turnbull, formerly of Haley's school, who will take Grades 7 and 8. Other teachers are Mrs. Elsie Simpson, formerly of Maitland school, Grades 5 and 6; Miss Grace Greer, formerly of Blue Church school, Grades 3 and 4; Miss Evelyn Brooks, primary. The architect was Horace Roberts of Westport. This photo was taken last fall when the school was near completion. (SPE)
